Judge Rhodes  
Clerk, U.S. Bankruptcy

Dear Judge Rhodes:

The plan of adjustment treats members of AFSCME Local 1220 unfairly. Currently members of AFSCME Local 1220 work for the Detroit Regional Conventional Facility Authority ( under senate bill 1630 or Act No. 554 section 21); we are still contributing to our City of Detroit Pension. The DRCFA has been billed since 2009 and is currently making payments for myself and my members. The City of Detroit has chosen not to pay some of its pension obligation certificates. Since the members of AFSCME Local 1220 have had their payments made it is unfair to pay members of local 1220 the same rate as members who have not had their pension obligations met. Secondly the Plan of Adjustment seeks to subvert the Michigan Constitution by not adopting a methodology to make members whole. This plan which calls for members to give up their state rights to seek redress is unfair. The plan of adjustment/disclosure statement does not explain or detail the true loss of monies to those who have a defined benefit plan which may be closer to 50% than a range of 20-35%. The plan of Adjustment that seeks to capture annuity payments in excess of 7.9% from the years 1999 up until now is not fair. What happens to members who have drawn their money out. There is a more equitable plan.

Sincerely,

  
Gerald G. Thompson

President AFSCME LOCAL 1220
